Evidence-to-Practice for Non-Medical Drivers of Health (E2 Practice NMDOH)

Charles W. Mathias, Ph.D.
Director, Texas Consortium for the Non-Medical Drivers of Health
Fellow, Center for Health Policy, Baker Institute for Public Policy,
Rice University

Alejandra Gonzales Rocha, MSc.
Research Analyst,
Social Interventions Research & Evaluation Network
University of California San Francisco

This session is being recorded. Registrants will receive the recording and slides after the webinar.

October 27, 2026

Acknowledgments

This webinar is supported by funding from the Episcopal Health Foundation (EHF).

Rice University's Baker Institute for Public Policy gratefully acknowledges the Episcopal Health Foundation for their financial support of this webinar and the E2Practice resource.

The opinions expressed in the conference are those of Charles Mathias and Alejandra Gonzalez Rocha and do not necessarily reflect the views of EHF.

Charles and Alejandra developed this resource in consultation with and informed by the expertise of our colleagues:

- Elena M. Marks (Rice University's Baker Institute for Public Policy).
- Laura Gottlieb, Caroline Fichtenberg, and Yuri Cartier (UCSF SIREN).

Resource Selection: the Texas NMDOH Context

Audiences: Legislature, Health and Human Services Commission, managed care organizations, health care providers, data systems, and community-based organizations.

Populations: Pregnant/postpartum families, Medicaid beneficiaries, Texas Healthy Women's program, and group health plans for governmental employees and retirees.

Health Conditions: pregnancy, postpartum, infancy, birth weight, hemoglobin A1c levels, blood pressure, and emergency room visits.

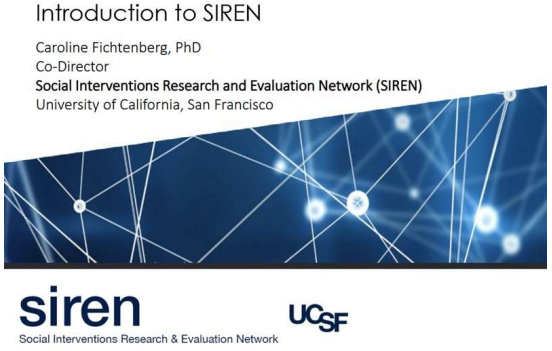

Provider Types: Lactation Consultants, Doulas, Community Health Workers.

Interventions: Medically tailored meals, food Rx, grocery support, nutrition counseling, and case management for children and pregnant women program.

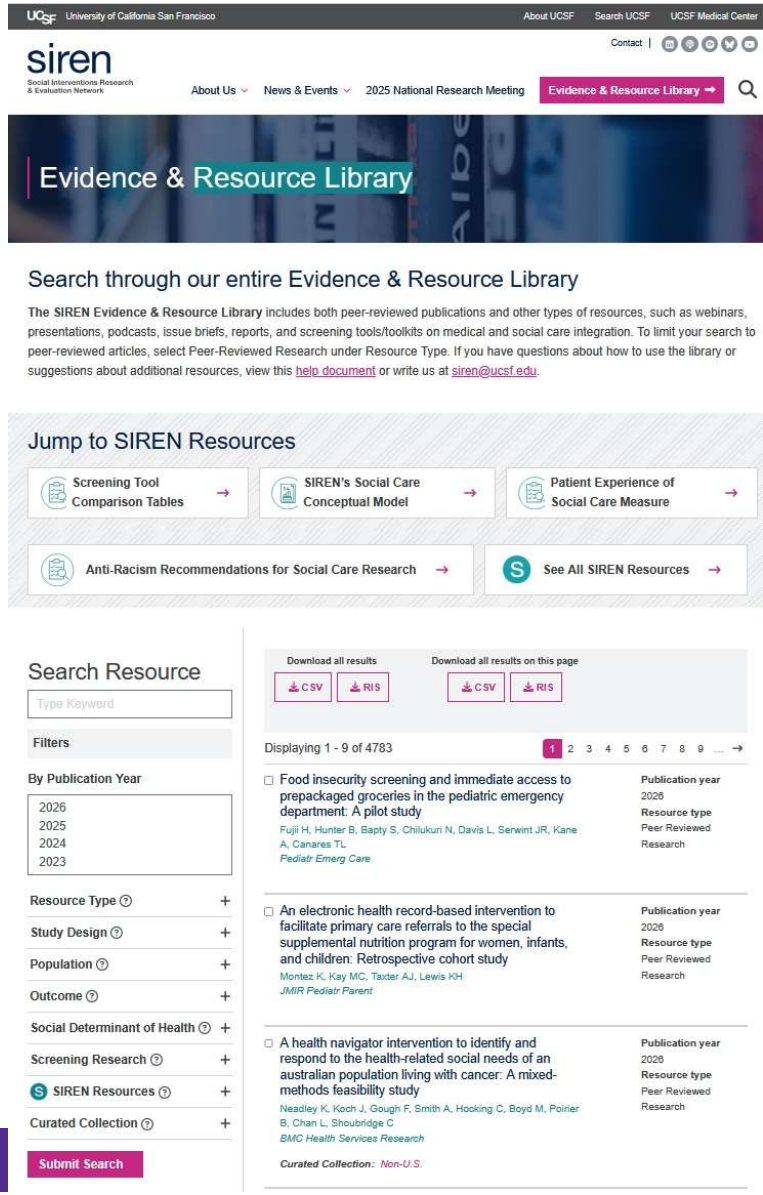

Data: All-Payer Claims Database (TX-APCD), State Health Analytics and Reporting Platform (SHARP), Health Information Exchanges.

Implementation Landscape: Rapid implementation of NMDOH screening, navigation, and reporting on referral plans.

Mission: To develop a curated collection of resources for implementation of services addressing non-medical drivers of health.

SIREN EVIDENCE & RESOURCE LIBRARY

4,759

resources as of October 2026

New items added every month

Type of resources

- Peer-reviewed research
- Issue briefs & reports
- Commentaries & blogs
- Tools & screening toolkits
- Webinars, slides & podcasts
- Every SIREN-produced resource

Scope

- Social needs screening and interventions delivered in health care
- Provider training on social risk
- U.S. focus; Canada and UK case by case
